Nominations Sought for the ACMG Foundation's

David L. Rimoin Lifetime Achievement Award in Medical Genetics: Deadline is Dec. 22, 2017

BETHESDA, MD – **Nov. 9, 2017** | The ACMG Foundation for Genetic and Genomic Medicine is pleased to announce that nominations are now being accepted for the *David L. Rimoin Lifetime Achievement Award in Medical Genetics* in recognition of the life and career of the late Dr. David L. Rimoin. As the founding President of the American College of Medical Genetics and Genomics (ACMG) and past President of the ACMG Foundation for Genetic and Genomic Medicine (ACMGF), Dr. Rimoin was a visionary and a genetics pioneer.

The *David L. Rimoin Lifetime Achievement Award in Medical Genetics* is the ACMG Foundation's most distinguished honor. This distinction includes a monetary prize of 10,000 dollars and a crystal award to be presented at the 2018 ACMG Annual Clinical Genetics Meeting during the ACMGF Annual Donor Reception. The Rimoin Award is given to an individual in the medical genetics profession who exemplifies a lifetime of achievements and personal qualities embodied by Dr. Rimoin, including his passion for teaching and mentoring, his care of patients and their families, and his enthusiasm for integrating the medical genetics and genomics community into mainstream healthcare.

Individuals do not need to be an ACMG member to make a nomination.

For more information on the selection criteria, please [click here](#). To nominate someone for the *David L. Rimoin Lifetime Achievement Award in Medical Genetics*, visit [Rimoin Application](#).

Nominations will be accepted online through **Friday, Dec. 22, 2017**.

About the ACMG Foundation

The ACMG Foundation for Genetic and Genomic Medicine (ACMGF), a 501(c)(3) nonprofit organization, is a community of supporters and contributors who understand the importance of medical genetics in healthcare. Established in 1992, the Foundation supports the American College of Medical Genetics and Genomics' (ACMG) mission to "translate genes into health," to foster charitable giving, promote training opportunities to attract future medical geneticists and genetic counselors, to share information about medical genetics, to sponsor important research and much more. To learn more about the important mission and projects of the ACMG Foundation for Genetic and Genomic Medicine and how you, too, can support its cause, please visit www.acmgfoundation.org or contact Nicole O. Bell at ACMGF@acmgfoundation.org or by calling (301) 718-2014.

Genetics and Genomics are not just in our name, they are a part of our mission.
