

# Health Coverage for Nutritional Products for Inborn Errors of Metabolism D-185.982

<b>Topic: Health Insurance</b>	<b>Policy Subtopic: Benefits and Coverage</b>
Meeting Type: Annual	Year Last Modified: 2016
Action: NA	Type: Directives
Council & Committees: NA	undefined

Our AMA: (1) will support legislation mandating insurance coverage with minimal deductible or copays for specialized medical food products used to treat inborn errors of metabolism; and (2) will advocate with the Department of Health and Human Services and members of Congress for the regulation of specialized nutritional products for the medical treatment of inborn errors of metabolism as drugs.

## Policy Timeline

Res. 122, A-16
